

# TIMOTHY LEE

Austin, TX

P: 330.219.4348

E: [timothy.d.lee@live.com](mailto:timothy.d.lee@live.com)

G: <https://github.com/timothydlee>

## Objective

I am seeking a junior web development position leveraging my full stack skills.

## Education

### University of Michigan

BS in Biology with Concentration in Microbiology — 2008-2010

### University of Texas Coding Bootcamp

Certification in Full Stack Web Development at University of Texas – 2016-2017

## Skills

**JavaScript, React.js, React Native, Node.js, Express.js, Bootstrap, Github, Heroku, jQuery, PHP, Laravel, MySQL, Firebase, Handlebars, Sequelize, MongoDB, HTML/CSS, Salesforce and Sharepoint.**

## Projects

### Muscene

Our team created an app that allows users to search for music artists that they like and get back results of similar artists. They can then choose to listen to that artist's top song and select that artist or artist to see if they are playing any shows nearby. Those results are displayed on a Google Map.

**Technologies:** JavaScript, jQuery, Bootstrap, Firebase, AJAX, API, HTML5/CSS3

### Data-Pump

A data-visualization engine app developed by utilizing traffic data from Austin Open APIs while keeping in mind scalability to utilize other APIs.

**Technologies:** JavaScript, jQuery, D3.js, Node.js, Express.js, MySQL, AJAX, JawsDB, HTML5/CSS3

## Work Experience

### Kellogg Brown & Root

Houston, TX — 2011-2016

#### Contract Manager, KBR (2015-2016)

I was recruited by and successfully integrated into the legal department as a non-attorney. Despite the lack of legal training or education, KBR's Chief IP Counsel recognized my tech skills and ability to adapt and transferred me directly into his team of five.

#### Accomplishments

- Negotiated and executed over 140 NDAs while maintaining a database of over 400 NDAs in various stages of negotiation across all business lines.
- Seamlessly transitioned the IP Department's legal process from an email-based one to one utilizing the Salesforce ecosystem to streamline workflow.

#### Business Development - Technical Services, KBR (2014-2015)

Recognized for my ability to work well in teams and being a positive face for the company; responsible for the signing of 14 new technical services agreements and generating over \$4.7 million in job income.

#### Sales Coordinator, KBR (2011-2014)

Expedited resolution of over 100 international deals in the crude processing and ammonia producing technology spaces ranging in values up to \$55 million; gathered input across multiple departments including sales, management and legal while interfacing with the customer.
